Application at a Glance

We’re thrilled you are considering applying to one of our master's programs! We have created this printable application guide to help you navigate through what may seem like a daunting process.

### Application Checklist

- **Apply** to the Graduate School at The University of Texas at Austin.
- Pay the Application Fee.
- Upload remaining application items on MyStatus portal.
  - Statement of Purpose
  - CV/Resume
  - Letters of Recommendation (optional)
  - Transcripts
- Send Test Scores.
  - TOEFL/IELTS (if applicable)
  - GRE (optional)
- Review Your Status.

### Important Dates

**Fall Application**
- **Application Opens**: December 15
- **Priority Deadline**: April 1
- **Final Deadline**: May 1
- **Decision Released**: Late-January to Mid-June

**Spring Application**
- **Application Opens**: June 1
- **Priority Deadline**: August 15
- **Final Deadline**: September 15
- **Decision Released**: Late-July to Mid-November
Eligibility Requirements.

Bachelor’s Degree

A bachelor’s degree from a regionally accredited institution in the United States or a comparable degree from a foreign academic institution.

GPA

A cumulative GPA of 3.0 or higher.

Preferred Qualifications

Relevant Education

A bachelor’s degree in computer science from a regionally accredited institution in the United States or a comparable degree from a foreign academic institution. Other degrees may be considered (particularly in related fields such as electrical engineering, computer engineering or mathematics) on a case-by-case basis. Applicants who have a degree that is not in computer science or a related field should provide evidence of relevant content knowledge through coursework or work experience. Please detail relevant experience in your CV/resume and statement of purpose.

Relevant Background

Applicants should have an extensive background in computer science or related sciences. Level of knowledge will be assessed by review of a student’s coursework and/or professional experience.

The Admissions Committee recommends that applicants who do not have a bachelor’s degree in computer science have prior coursework or experience equivalent to the complete the courses at this link.
Step 1

*Apply to the Graduate School at The University of Texas at Austin*

Applications are submitted electronically through [ApplyTexas](#).

1. Create an account or log-in if you already have one.
2. Select Start/Edit Profile under “Edit your ApplyTexas Profile”.
3. Select Start/Edit Application under “Apply to a few schools”.
4. Select “Start a New Application”.
5. Select “Four-year College/University and Graduate Schools”.
   a. If this does not appear, and you are [eligible for graduate studies at UT Austin](#), contact GIAC to enquire about your eligibility.
6. Select "University of Texas at Austin (Austin)" as the target university.
7. Select the Graduate option in the “Type of Application”.
8. Select the available semester of entry.
9. Scroll down to Natural Sciences and select a CDSO program. For example, the MSCS major will appear as “Computer Science (MS in Computer Science Online Program)”.
10. Continue on with the application.
Step 2

Pay the Application Fee

1. The application fee is required in order to upload application materials. A preview of your application fee is provided at the end of step 1.7 above.

2. You may by-pass this step on ApplyTexas and instead choose to pay the university directly through your MyStatus portal. In this case, the image below demonstrates how your MyStatus portal will appear.

![MyStatus portal](image)

3. Within 2-3 days of the submission of your ApplyTexas and application fee payment you will be able to upload applicable required materials to your MyStatus portal.

Applicants to multiple CDSO programs will be required to complete applications for each but will only have to pay the fee once as long as the applications are for the same semester. In additional ApplyTexas applications, select the option to pay the university directly. Once any additional applications are visible on your MyStatus portal, the application fee should appear as paid.

Applicants admitted to multiple programs must choose and accept admission to one program before enrolling. Although the MyStatus interface allows it, students cannot be enrolled in more than one graduate program at a time. Applicants who accept admission to multiple programs in MyStatus will be automatically enrolled in the first program for which they accepted admission.
Step 3

Upload Remaining Application Items to Your MyStatus Portal

After paying the application fee on ApplyTexas, you will see your version of the following MyStatus portal. Review the instructions below for program and GIAC requirements as listed on your portal. Do not email or mail application items. Sending paper copies of documents will significantly delay the processing of your application.

Program Requirements

Statement of Purpose: In two double-spaced pages, describe the events/experiences that prepared you for this program, your academic and professional interests, your reasons for pursuing graduate study, and your goals related to this program. Use 1-inch margins and 12 pt font. Upload this item through your MyStatus Document Upload System.

CV/Resume: Outline your educational and work history, relevant publications, research, and patents. At the end of your CV/Resume, include a brief description of how you meet the prerequisite courses (e.g. list specific courses with grades achieved or proof of completion). Upload the item through your MyStatus Document Upload System.
**Optional Program Items**

Opting out of submitting optional materials does not adversely impact your application.

**Letters of Recommendation:** You should request and manage your recommendation letters through your MyStatus portal. Recommenders can be supervisors or academic references. Do not exceed three recommendations.

**GRE General Score:** If you feel that it would strengthen your application, you may take the GRE and send official scores. Please see the “Is the GRE required?” and “Is there a certain score needed on the GRE to be admitted?” questions of [our FAQ](#) for further information.

**Graduate And International Admissions Center (GIAC) Requirements**

Items not listed under the Program Requirements section are GIAC required items and questions must be directed to GIAC. These may include (but are not limited to):

**Transcript(s):** Review the ‘Submit Transcripts’ section of the Graduate Admission page for instructions. **Note:** The verification of transcripts usually takes 2-3 business days. Sending paper copies of documents will significantly delay the processing of your application.

**An official TOEFL/IELTS score:** Visit [How to Apply: International Students](#) for information on exemptions.
Step 4

Send Test Scores

1. An official TOEFL/IELTS score: International applicants must provide a score which must be sent electronically to UT Austin. Departmental codes are not needed and emailed or uploaded scans of results to MyStatus are not accepted. It may take up to 4-6 weeks for your scores to be received. Plan accordingly to ensure your results are in the university system no later than our final deadline. Visit How to Apply: International Students for information on exemptions and how to submit scores.

2. GRE General Score (optional): Send official scores through ETS using UT Austin's code 6882. There is no departmental code and we do not accept self-reported (email or uploaded) scores.
Step 5

Review Your Status

Visit your MyStatus portal to confirm that you do not have any items remaining on the “To Do (required)” section of your MyStatus portal. While items may be processed by GIAC after the
deadline, your application will not be considered for review if your application status shows
incomplete by the final deadline. **It is solely the responsibility of the applicant to ensure that
there are no pending items on their MyStatus portal.**

If you see an item listed on your MyStatus portal as required that is not on the Program
Requirements list, refer to this [site](#) and then contact GIAC with your UT EID immediately.

Applying is a multi-step process. To ensure all items are turned in by the deadline, applicants
must complete the ApplyTexas portion of their application at least one week prior to the
deadlines above. Applications not completed by the final deadline will not be considered.

After You Submit

Generally, the earlier you apply, the sooner you will receive an admission decision. However, the
admissions process is not linear and the priority deadline is in place to provide applicants with
additional time to complete their application by the final deadline—especially in the case that an
issue arises (for example, a transcript is declined or test scores are taking longer to arrive) with
your application items. For this reason, you may not hear back until the very end but rest
assured this will allow you enough time to enroll if admitted.
